

Report on Pharma-anvenshan Participation at NIMS University

The students of ICFAI School of Pharmaceutical Sciences proudly participated in *Pharmaanvenshan*, a prestigious academic and research-oriented event **sponsored by Pharmacy Council of India (PCI) and hosted by NIMS University, Rajasthan**. The event witnessed enthusiastic participation from institutions across the state and the country, providing a valuable platform for knowledge exchange, innovation, and professional development in pharmaceutical sciences.

10 students from ICFAI School of Pharmaceutical Sciences actively participated in the event and showcased their academic excellence by presenting three scientific posters. Their participation reflected the university strong commitment to promoting research aptitude, innovation, and professional exposure among students.

This academic involvement was made possible due to the visionary leadership and continuous encouragement of **Hon'ble Vice Chancellor Prof (Dr) H P Singh VSM**, whose commitment to academic excellence and professional development inspires students to participate in national and international conferences. His constant support plays a vital role in enhancing students' exposure to research, innovation, and professional networking opportunities.

The students were accompanied and guided by **Prof (Dr) G. N. Sharma**, Principal, and **Mr. Rohit Malik** Assistant Professor, CFAI School of Pharmaceutical Sciences, who motivated and mentored the students throughout the event, ensuring their active engagement and learning experience.

The event was graced by the esteemed presence of President of Pharmacy Council of India, Dr. Montu M. Patel, along with distinguished PCI members, academicians, researchers, and numerous faculty members and students from across Rajasthan and various parts of India.

During the address from the dais, Dr. Montu M. Patel highlighted several important developments and initiatives undertaken by the Pharmacy Council of India, including:

- Upgradation of pharmacy education standards in India
- Implementation of the Revised B. Pharmacy syllabus
- Introduction of new M. Pharmacy specializations aligned with evolving industry and healthcare needs
- Academic reforms and modernization in accordance with the National Education Policy 2020

The informative session provided valuable insights into the future direction of pharmaceutical education and the expanding career opportunities in the sector.

Overall, participation in *Pharmaanvenshan* proved to be an enriching academic experience for the students. It enhanced their research exposure, presentation skills, professional confidence, and understanding of current advancements in pharmacy education and industry expectations.

The ICFAI School of Pharmaceutical Sciences extends its sincere gratitude to the university leadership, faculty mentors, and event organizers for providing this significant learning opportunity.
