

DEEKSHARAMBH-2024, ...An Induction Program

**“Education is the key that unlocks the golden door to freedom.” —
George Washington Carver**

IcfaiTech School, The CFAI University, Jaipur has organized a two weeks Induction program “DEEKSHARAMBH” for the new entrants from 13th August – 23rd August 2024 with a view to uplift the level of the students joined this session to an elevated stage, promote all-round development and exposing learners’ stigmas to minimize and to maximize their learning. Students generally comes with different mid set, with different thoughts, perception, etc. And therefore, it becomes mandate to help them adjust in the new environment & to induce institute’s culture with a sense of purpose pursuing various courses. DEEKSHARAMBH was designed to fill the gap and instil a sense of responsibility to become a good students and a good citizen at the end. The Induction Programme began with registration followed by regular interaction with the big shots of industries. The students with their great enthusiasm reported and registered themselves at the college. The program aimed to enhance students’ familiarity with the university culture, acquaintance with the faculty members, campus, etc. Through this induction program, the new entrants were given exposure to the milieu of the institution with zeal and enthusiasm. Likewise every year, the induction programme was decided to be delivered on three major phases i.e. Welcome Phase, Training Phase, and Concluding Phase. To make the students feel comfortable in new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self & society through various activities and ice breaking sessions.

The core committee members have decided & invited industry experts, start-ups, successful business & motivational speakers, expert lectures on various sub-themes including Universal Human Values, Proficiency Modules, Lectures by Eminent Personalities, Motivational Talks, Visits to local areas . As the student intake is large in numbers it was collectively decided by the committee that the whole group of students were split into two groups i.e. The college committee for Induction programme invited experts from different institutions to interact with the new entrants and brief the learners with their expertise in various fields. On one hand expert talks aimed to equip students with industry experts experience and knowledge; on the other

hand the visits organized were to enhance learners' understanding and experience of society and industry in real way.

WELCOME PHASE - To mark the beginning of the academic year and Induction Programme, Dr. Surbhi Jain, Coordinator Student Council along with The Student Council extend a warm welcome to all new entrants in the campus and made them at ease by telling them about the university, school and activities the tech school has planned for the session.

TRAINING PHASE Under the umbrella of Induction programme, training sessions were arranged to give exposure of leading industries and start-ups. Students were well informed about various dimensions of industry and real life application in industrial vicinity. Distinguished successful industrial experts and trainers were invited to enlighten students in the areas accentuated in the Guideline of AICTE for induction programme. The core committee has decided to organize expert sessions to make students acquaint about the market and may learn how to prepare for the industries. All the sessions were quite interactive that proved to provide a visualization to distinguish Personal, Professional, Academic and social life with ease and a clear picture of self, the vitality of Human Values and communication in general. The students really felt charged & motivated to get enculturated in the colour of engineering college and more significantly they gave emphasis to attach values in professional and individual life. Following is the list of experts and their topics

CONCLUSION With the cooperation of the students and the faculty members the Induction programme was able to record the feedbacks of the students in Expert talks, Visit and Industry Visit. The total involvement of deputed Faculties actively engrossed in various responsibilities of induction programme. That facilitated to motivate the entrants to stir like a sugar in water of institutional activities. Students are made aware about multidisciplinary areas and their developments and developed ability to transcend from subjective knowledge to the application of subject in real life situations.
