

Ms. Neha Agarwal
PhD (Pursuing), M.Tech.(CSE), B.E.(CSE)
Assistant Professor

Ms. Neha Agarwal, an Assistant Professor, is currently pursuing a PhD and holds an M.Tech and B.E. in Computer Science Engineering. With 13.2 years of experience, her research interests include Artificial Intelligence, Machine Learning, and Deep Learning. She has contributed significantly to academia with more than ten published research papers and more five book chapters. Her expertise lies in advancing AI-driven technologies, and she actively engages in research and academic development. Passionate about innovation, she continuously explores cutting-edge methodologies in AI and ML, contributing to the ever-evolving technological landscape through her scholarly work and teaching endeavours.
