

Dr. Vanshika (PT)
Assistant Professor
BPT, MPT (Orthopedics)

Dr. Vanshika holds a **Bachelor's** and **Master's degree in Physiotherapy**, with a specialization in **Orthopedics**. Her academic role is reinforced by significant **clinical experience**, particularly in the **assessment and management of musculoskeletal and sports-related conditions**. With a strong commitment to **evidence-based practice**, she integrates clinical expertise with academic instruction, ensuring students receive a well-rounded and practical understanding of physiotherapy. Dr. Vanshika's approach is both **patient-centered and research-informed**, aimed at enhancing therapeutic outcomes and fostering excellence in physiotherapy education. She is dedicated to mentoring the next generation of **healthcare professionals** and advancing the field through both teaching and clinical engagement.
