

**Dr. A.K. Saini**  
**Ph.D. (NIT, Kurukshetra), M.Tech (MNIT), B.E.**  
**Dean & Professor**

Dr A K Saini is a Professor and Dean at IcfaiTech, ICFAI University, Jaipur. He has over 24 years of experience in the field of teaching and research. He holds a Ph.D. from NIT Kurukshetra, an M.Tech from MNIT Jaipur, and a BE from MBM Engineering College Jodhpur. His research interests are Artificial Intelligence, Machine Learning, Computer Vision, Computer Architecture, and VLSI Design. Dr. Saini has published papers in national and international journals and conferences of repute, along with three patents. He is currently working on the domain of Automated Facial Pain Expression Analysis, which involves Machine Learning, Computer Vision, Pattern Recognition, and Artificial Intelligence. He had the opportunity to work on a project with four other students and presented it at IEEE HQ in Washington, D.C. In addition, he was also involved in designing an Application Specific Instruction Set Processor (ASIP) for Parametric Hindi Text-to-Speech Synthesis under the guidance of Dr. Chandra Shekhar, Director of CSIR-CEERI in Pilani.
