

Dr. Parnika Gulabani (PT)
MPT, BPT
ASSISTANT PROFESSOR

Dr. Parnika Gulabani (PT) is a dedicated Physiotherapist with a specialization in Orthopedics, committed to delivering evidence-based rehabilitation and patient-centered care. She possesses expertise in the assessment, treatment, and management of musculoskeletal and orthopedic conditions, including post-operative rehabilitation, sports injuries, chronic pain, and movement dysfunctions. With strong clinical reasoning skills and a passion for improving functional outcomes, she focuses on restoring mobility, enhancing quality of life, and promoting long-term musculoskeletal health. Her professional approach combines clinical excellence, effective patient education, and a commitment to continuous learning and research in the field of physiotherapy.
