

Ms. Priyanka Kumari Bansal

Designation: Assistant Professor (Forensic Science)

Experience: 03 Years

Qualification: M.Sc. (Forensic Science), UGC-NET

Ms. Priyanka Bansal, is an Assistant Professor in the Department of Forensic Science at ICFAI University, Jaipur. She is an enthusiastic and dedicated educator with a strong academic background in Forensic Science, **UGC-NET qualified**, postgraduate from Bundelkhand University. Her core expertise includes **Fingerprint Analysis & Questioned Document Examination**.

She brings a student-centered and practical approach to the classroom. She has also contributed to research through national and international collaborations, including a fingerprint study on “fingerprint development on various surfaces under high temperature condition” & hands on experience of fingerprint collection on an FBI project via SIFS.

Ms. Bansal is committed to a **practice-oriented pedagogy**, where theoretical knowledge is consistently reinforced with real-world applications, case-based discussions, and laboratory exposure. Her teaching philosophy centers on equipping students with analytical skills, technical precision, and professional discipline, preparing them to meet the demands of the forensic science field.
