

Dr. R K Chaurasia
Ph.D, M.Tech (MNNIT), B.E.
HOD(ECE & basic science)
Associate Professor (ECE)

Dr. R.K. Chaurasia is the Head of the Department of Electronics & Communication Engineering with over 22 years of teaching and research experience. He has published 40 research papers in reputed journals such as Elsevier, Springer, and IEEE proceedings. Actively involved in academia, he serves as a session chair and reviewer for esteemed journals and conferences, including IET, IEEE, and Springer. His expertise encompasses Wireless Communication, Signal Processing, IoT, VLSI, and Digital Systems. Dr. Chaurasia's contributions significantly impact research and technological advancements in electronics and communication engineering, fostering innovation and academic excellence in the field.
