

Nation Building Conclave on Industry-Institution interfacing – February 25, 2017

An important meeting on **Nation Building Conclave on “Industry-Institution Interfacing”** was held at “Hotel Grand Uniara”, Jaipur on 25th Feb 2017. It was jointly organized by the Employers Association of Rajasthan and PM Bhardwaj Foundation. In this conclave, a large number of Vice-Chancellors from prominent Universities, leading industries, industry experts and others participated with a view to bring all them on a common plate-form to share their feelings and experiences.

I was invited as a panelist in this Conclave.

The conclave was focused on how to bridge the gap between the Academia & Industry. It enabled me the opportunity to interact & enhance the contacts with the Industrialists.

One industrialist Mr.RS Choyal of Shri Vishkamma Industries Pvt. Ltd, Ajmer (Rajasthan) has shown keen interest for our University and soon we may have MOU with this industry.

As a follow-up, a plan is underway to hold a workshop on conclave of “**IUI with Industries**” in the University that will build-up relationships, benefit us for internships & placements and help in the admissions in the long run.
