The ICFAI University Jaipur

IQAC Unit

Long-term goals of IQAC (Next Five Years):

1. **Academic Flexibility:** Develop and implement a robust Choice-Based Credit System (CBCS) across all programs.

2. **National Accreditations:** Pursue accreditations like NBA, the maturity level of NAC, and QS rankings for global recognition.

3. **NIRF Ranking:** To participate in NIRF ranking in all domains and University level rankings.

4. **Research Innovation Hubs:** Establish interdisciplinary research centers and incubation hubs to promote innovation and entrepreneurship.

5. **Alumni Engagement:** Build a strong alumni network for mentorship, funding, and industry connections.

6. **Holistic Student Development:** Implement long-term programs for the all-round development of students, including leadership, ethics, and global citizenship.

7. **Sustainable Campus Initiatives:** Implement green practices like renewable energy, water conservation, and waste management to create a sustainable campus environment.

8. **Collaborative Learning Ecosystem:** Foster collaborations with national and international universities for exchange programs, joint degrees, and research partnerships.

9. **Lifelong Learning Platforms:** Develop platforms offering certifications and online courses for alumni and working professionals, ensuring continued engagement with the university.

10. **NEP 2020 Full Implementation:** Achieve complete alignment with NEP 2020 objectives, including multidisciplinary education and vocational training.

11. **Community Outreach Expansion:** Scale community outreach programs for wider impact on societal development, with a focus on education, health, and social welfare.
