

The ICFAI University Jaipur News-Time

October-2018

We are happy to place the inaugural issue of **ICFAI University, Jaipur – News-Time!** This newsletter is a culmination of hard work, determination and grit of the staff members and students working together for making this University better. Last three months have been eventful as the new President has taken over.

The developments at University have gained momentum; infrastructure set-up has gone for major expansion including operational hostels, new Science Block nearing completion, new sports arena with full-fledged football and cricket ground etc. But most importantly, these three months have witnessed the enhancing mutual understanding and cooperation amongst the faculty and staff members from different areas. So much so, there are number of new initiatives like PhD Program re-launched, faculty-to-faculty knowledge sharing program, faculty mentorship, free hour and many more...

Number of seminars and short conferences were organized, and a range of co-scholastic activities and events were carried out. Finally new horizons... new expectations... and new opportunities shall dominate ICFAI University, Jaipur in near future.

We are pretty confident that ICFAI University, Jaipur will surely attain its due place in higher education in the state of Rajasthan.

Wishing you all the best!

- ❖ Parents-Teacher Interaction for MBA on 15th October, 2018... reaching out and partnering with stakeholders.
- ❖ Legal Aid Program in the month of November by ICFAI Law School, Jaipur.

New Programs Introduced

Masters of Technology

The M.Tech. Program (Computer Science) of the ICFAI University, Jaipur is designed to encourage the future professionals to equip themselves with the latest tools and techniques in the field of Computer Science and Information Technology.

Masters of Computer Application

The primary emphasis in MCA is on designing information systems for various organizations in diverse sectors. The major thrust is on giving the students a sound background in computing, business functioning and mathematics relevant to information technology. The curriculum has a strong core covering information technology, business management and mathematics.

MBA in Integrated Rural Management

To prepare talented young managers to assume challenge-filled responsibilities in rural cooperatives and development organizations, ICFAI University, Jaipur is launching MBA in Rural Management. It would provide a wide spectrum of high quality courses with a greater focus on experiential learning. The curriculum will comprise of four distinct yet mutually supportive segments - classroom, village field work, development internship and management internship.
