IcfaiTech's Academic Association with EC-Council and Red Hat Academy

IcfaiTech, The ICFAI University, Jaipur, Strengthens Academic association with EC-Council and Red Hat Academy. IcfaiTech, a leading institution in technology education, is delighted to announce its significant academic association with EC-Council and Red Hat Academy. The official event, held on May 31, 2023, marked a momentous occasion in the presence of esteemed dignitaries, including the Honorable President, Prof. Dr. H. P. Singh, VSM, as the chief guest. The event also witnessed the gracious presence of Sh. Sudhakar Rao, Director Branding, Ms. Pooja Joshi, Country Head, EC-Council India, and Mr. Shirish K. Pandey, APAC Lead, Red Hat Academy.

The association between IcfaiTech, EC-Council, and Red Hat Academy aims to provide students with exceptional learning opportunities in the field of technology. This partnership will empower aspiring technologists to acquire industry-relevant skills and knowledge, bridging the gap between academia and industry demands.

With EC-Council, a global leader in cybersecurity certification programs, joining forces with IcfaiTech, students can expect unparalleled training and exposure in tackling emerging cybersecurity threats. The association will equip students with the latest tools, techniques, and strategies to safeguard digital assets and combat cybercrimes effectively.

Furthermore, the alliance with Red Hat Academy, renowned for its comprehensive training programs in open-source technologies, will open doors to limitless possibilities for IcfaiTech students. They will have access to cutting-edge resources and hands-on experience with Red Hat's industry-standard software and platforms. This association will enable students to explore and master technologies like cloud computing, containerization, automation, and more.

The event witnessed the Honorable President, Prof. Dr. H. P. Singh, VSM, expressing his excitement about the partnership, stating, "This academic association will unlock new horizons of learning for our students and strengthen their employability prospects. The association with EC-Council and Red Hat Academy reflects our commitment to providing our students with industry-relevant learning and preparing them for the rapidly evolving tech landscape."

Sh. Sudhakar Rao, Director Branding, shared his views on the event, saying, "IcfaiTech's association with EC-Council and Red Hat Academy exemplifies our dedication to equipping students with the necessary skills and knowledge to thrive in the ever-changing technology landscape. We are proud to provide our students with top-notch training and industry exposure."

Ms. Pooja Joshi, Country Head, EC-Council India, expressed her enthusiasm, stating, "By partnering with IcfaiTech, we aim to create a generation of skilled cybersecurity professionals who will be at

the forefront of combating cyber threats. This association will contribute significantly to building a secure digital future."

Mr. Shirish K. Pandey, APAC Lead, Red Hat Academy, emphasized the importance of this association, stating, "Red Hat Academy's partnership with IcfaiTech signifies our commitment to fostering open-source education and empowering students to become proficient in cutting-edge technologies. Together, we will shape the future of technology education."

The event concluded on a high note, with everyone eagerly looking forward to the fruitful outcomes of the partnership between IcfaiTech, EC-Council, and Red Hat Academy. This academic association will undoubtedly pave the way for enhanced learning experiences, industry-ready skills, and brighter career prospects for IcfaiTech students.
