**The ICFAI University Jaipur
IcfaiTech
Report on the Inter-University ChatGPT Debate Challenge**

ChatGPT is an artificial intelligence chatbot developed by OpenAI which has recently been launched in November 2022. It is built on top of OpenAI's GPT-3 family of large language models and has been fine-tuned using both supervised and reinforcement learning techniques. The use of ChatGPT is a debate worthy topic as such AI can have advantages as well as repercussions. Keeping in view the need of the hour and to create awareness about ChatGPT, IcfaiTech, The ICFAI University Jaipur organized an Inter-University Debate Competition, **“The ChatGPT Debate Challenge: A battle of wits and words”**. Over 40 participants from around 15 prestigious institutions such as IIT-D, Central University of Rajasthan, Manipal University, Maharani's College, IPS Business School, JECRC University, Amity University, Commerce College, SS Jain Subodh College, Jaipuria Institute of Technology etc. presented their views for and against the motion. The event was conducted in two parallel sessions (Online and on-campus). Hon'ble President of IUJ, Prof Dr HP Singh, VSM was present as the Chief Guest. Dr S S Jain, Senior The judgement panel reviewed the performance of the participants on the following criteria:

- The quality of arguments and evidence provided
- The persuasiveness of the team's argument.
- The coherence and organization of the team's argument.
- The ability to engage the audience and the judges.
- The ability to respond to the opponent's arguments effectively.

After a fierce battle, the winners of the Debate competition were felicitated by Hon'ble President of the University. The event was concluded with vote of thanks by Dr. Surbhi Jain.

Glimpses of the event:
