

IcfaiTech

The ICFAI University, Jaipur

Nari Shakti Program

The IcfaiTech has organized a Nari Shakti program (a Republic Day campaign aligned with the government's Naari shakti) in collaboration with NASSCOM on 9 Feb 2023 at 2:00 - 4:00 pm. The idea of the program was to push the learners to take up the certifications between 26th Jan to 8th of March 2023 with a major focus on women. As a reward women will be provided with the internship opportunities with the NASSCOM across regions and mentorship opportunities.

It was the one day event for which all the students of the university registered themselves. The inaugural session of the event started with the opening address by the president of the university, Prof. (Dr.) H P Singh, VSM. He welcomed the dignitaries and motivated the students for the event. Also, he briefly discusses about the AI and current technological scenarios. After this Mr. Abhishek Gaur, Regional Head, North India IT - ITeS Sector Skill Council presented the keynote of the event. After the keynote, first speaker of the event Mr. Sukrit Ghosh, Senior Manager at Data Security Council of India, continued the session. He talked about the relevance of cyber security in the industry.

After that, second speaker of the day Mr. Kartik Bhardwaj, Master Trainer at NIIT Foundation deliver his lecture on cyber security courses. Finally, the third speaker, Dr. Gunjan Bansal, Technology Education Team Lead in the AI-Team in Learning and Management at Accenture continued the session on artificial intelligence and how to acquire data source. At last, Ms. Anjana Khanduri, Manager, IT - ITeS Sector Skill Council talked about the Nari Shakti mission initiative taken up by the government. The Nari Shakti event provided a great opportunity for the students to learn the latest market trends and technology along with the government initiative Nari Shakti mission.
